PRIVATE SCHOOL ACCREDITING ORGANIZATIONS

The [Virginia Board of Education](#) has authorized the Virginia Council for Private Education (VCPE) to accredit private nursery, preschool, elementary, and secondary schools. (§22.1-19) State recognized accreditation comes through accreditation granted by any of the VCPE Approved State Recognized Accrediting Members.

All approved accrediting organizations must meet the VCPE core set of standards. A peer review process and an annual reporting requirement have been developed to monitor the standards. Each association has standards that meet and exceed those that are monitored by VCPE and must be considered individually by an interested school.

Accreditation through a VCPE Approved State Recognized Accrediting Member guarantees the transfer of student credits from the state recognized accredited private school to a public school and ensures recognition of teacher licensure credits for time served in an accredited private school.
