

Blue Envelope Program

DMV is proud to introduce the Blue Envelope Program, a new initiative designed to assist drivers with autism spectrum disorder during traffic stops. The envelope signals to officers that a driver may need communication support while safely storing key documents and emergency contact information. The program is **free, voluntary, and confidential**, with no registration or documentation required. Blue envelopes are **available at all DMV customer service centers** and a number of Select offices statewide.

How it works

- Created by **House Bill 2501** (§ 46.2-203.3 Code of Virginia)
- Modeled after programs in Vermont, Arizona, and New Jersey
- Collaborated with DMV Law Enforcement and external entities for officer training, awareness, and promotion
- Coordinated across DMV teams to launch statewide on **July 1, 2025**
- Any individual diagnosed with autism spectrum disorder—or a caregiver, legal guardian or parent on their behalf—can request a Blue Envelope

What Goes Inside

- Vehicle registration card
- Vehicle insurance card
- Emergency contact information
- (Recommended) A copy of your driver's license

For Drivers

- Signals to officers that the driver may need more time or communication support during a traffic stop

For Law Enforcement

- Provides a clear, consistent tool to help reduce misunderstandings and promote safer interactions
